# Admission to the PhD Programme in Biology (BIO06)

## Academic Year 2019/2020

### PhD Programme

**BIOLOGY**

### President:

Prof. Massimo Pasqualetti

### Department:

Dipartimento di Biologia via Luca Ghini, 13 - 56126 Pisa

### Admission Requirements:

All Master’s degrees

### Outcome of the Selection Procedure:

Ranking of the research project in “Biosystematics and integrated taxonomy of Santolina chamaecyparissus complex (Asteraceae)”

To receive further information contact Prof. Lorenzo Peruzzi lorenzo.peruzzi@unipi.it

<td><strong>Supernumerary positions</strong></td>
<td>Pursuant to Article 6 of the competition announcement, candidates who are eligible for the competition to be admitted in supernumerary must forward, to the email address <a href="mailto:concorsodottorato@unipi.it">concorsodottorato@unipi.it</a>, Annex C after having held the interview but no later than three days thereafter on the date of the latter.</td>
<td></td>
</tr>
</tbody>
</table>

**Details:**

1 grant financed by Department of Biologia of University of Pisa on subject “Biosystematics and integrated taxonomy of Santolina chamaecyparissus complex (Asteraceae)”.

### Selection Criteria:

**Curriculum**

The curriculum, signed and accompanied by a copy of a valid identification document, must be uploaded only during the application process. The curriculum must provide information about the candidate’s academic education as well as his/her professional and research experience. **The candidate must attach any document useful for the assessment of his/her curriculum.**

The candidate who intends to submit to the evaluation of the Selection Board any document related to his/her academic records held at the University of Pisa, must make an explicit request of acquisition “through office” in the aforementioned curriculum.

**Minimum grade:** 30 out of 40

| **Interview** | The list of candidates who are invited to take interview will be published at [http://dottorato.unipi.it/](http://dottorato.unipi.it/) “Admissions” should take place at least five days before the written examination/interview. The interview will assess the candidate’s knowledge, her/his aptitude for research, openness to academic experiences in Italy and abroad, and an interest in scientific deepening. Candidates can choice to take the interview in Italian or in English. If the candidate takes the interview in Italian Language, will be verified the assessment of the knowledge of the English language. Minimum grade: 40 out of 60 The test schedule (where applicable) and venue, will be published the 30 of May 2019 at [http://dottorato.unipi.it/](http://dottorato.unipi.it/) - "Admission and enrolment". Web conference: **NO** |
| **Guidelines for the presentation of the PhD Research project** | Required: **NO** |
| **INFO:** | Overview and objectives of the PhD course: The PhD in Biology aims to promote and support the attendance of young graduates, selected according to criteria of merit to PhD programs at international level, in order to develop high qualification in the field of biology, as well as to promote access to the labour market. This project also aims to promote interaction among research centers, with the various interest groups in the field of Biological Sciences, represented by industry and by the public sector. Specific objectives of the PhD Program in Biology are: I) high qualification, II) internationality, III) promotion of excellence, IV) and the connection between higher education / the world of research and the world of public and private labour.
